A perfect match: Centrifuge 5920 R + Rotor S-4xUniversal-Large + Eppendorf Consumables

A perfect match

Do you spin both conical tubes and plates? Eppendorf may have the perfect solution for you. Eppendorf offers a comprehensive range of high quality consumables and now introduces the new refrigerated Centrifuge 5920 R, featuring extraordinary high capacity and performance. Its main swing-bucket rotor allows for spinning both plates and tubes in the same bucket.

Your benefits:

- > Cost saving: No need for separate plate buckets
- > Space saving: No need to store different buckets
- > Time saving: No need to exchange buckets
- > Optimal complementarity and performance with Eppendorf Consumables

The Power of +Together.

Find the perfect match for your application.

Centrifuge 5920 R + Rotor S-4xUniversal-Large

- > Capacity up to 40 x 50 mL / 96 x 15 mL / 8 x DWP
- > Aerosol-tight QuickLock caps optionally available
- > Powerful state-of-the-art refrigeration system with advanced temperature management to keep your samples safe

Eppendorf Tubes® + Eppendorf Plates®

- > High g-safe® centrifugation stability enables reliable, safe, and fast centrifugation steps
- > Different purity grades for individual application demands. Monitored and certified quality – lot by lot
- > Highest sample integrity due to avoidance of any slip agents, plasticizers, and biocides
