

uDOCK™ Accessory Package

IR Data Transfer Port for the Ultrameter II™

Transfer Data stored in Ultrameter II™ and PoolPRO™ handheld instruments to PC application via IR port

Reduce Data logging time/errors

Share saved water sample data

Upload Date & Time to Ultrameter II™ and PoolPRO™ from Mac or PC using our U2CI software

PRODUCT HIGHLIGHTS

- Transfer Data with accuracy, reliability and simplicity using our new uDock™ Model U2CI through the instrument's IR port
- Easy to install software from CD or www.myronl.com
- The uDock application will operate on Windows XP and Vista*; and Macintosh OS9.2 and OSX**
- Automatic organization of data

(record number, type of measurement, value and unit measurement, solution, temperature, date stamp, and time).

- Exports to Office software (Word*, Excel*, Works*...etc) using universal formatting (.CSV) files
- Control your Ultrameter II™ and PoolPRO™ time and date setting through our uDock software.
- Clear instrument memory through our uDock software
- Self powered by USB port

(No batteries or external power supply needed)
