

Summary of warranty, extended warranty and after sales service offerings for Memmert products

Camlab recognise the importance of providing our customers with a "whole life" solution when purchasing equipment from us. This includes providing technical support, help with selecting the right products for your need, the supply of consumables & spares, the provision of warranties & extended warranties, maintenance, servicing, repairs and calibration (including single and multi-point temperature mapping). This helps make Camlab stand apart from many of our competitors.

When buying new equipment from us, we offer a range of options to help give you peace of mind and these are summarised below.

Basic Warranty

Your Memmert product is supplied with a comprehensive manufacturers 3 year "parts only" warranty that excludes consumables and "lifed" items.

In addition to this 3 year parts only warranty, Camlab will repair any qualifying failure free of charge during the first 12 months of use (excluding consumables and lifed items). This means that the parts required for any qualifying failures during the first 3 years of use will be supplied free of charge and you will only be charged the labour and travel associated with any repair in years 2 and 3.

But our services and after sales solutions do not stop there!

Extended warranty options for your new product

In order to give you greater peace of mind, Camlab have a created range of exclusive extended warranty options for you which are summarised in the table below:

	Parts only	Warranty ext	Warranty plus	Warranty plus Heavy use		
	Standard use	Standard use	Standard use			
			Camlab exclusive			
3 year replacement parts warranty (excludes lifed items)	\checkmark	✓	✓	\checkmark		
Replacement consumables (see below)	×	×	×	*

Extended Warranty 3 years parts and labour (Warranty ext)

You can extend your warranty cover to include the cost of labour for the first 3 years. With the exclusion of consumables and lifed items, under the "Waranty ext" package, Camlab will repair any qualifying fault at no cost to you for the first 3 years from use. This includes the cost of materials, travel and on site labour giving you total peace of mind. After this period, a further range of service options will be available. You will also benefit from a range of fixed price options during the 3 year period including (i) remote single temperature checks, (ii) on site multi-point temperature mapping, and (iii) lifed item replacement.

Warranty Plus

In addition to the benefits of the "Warranty ext" detailed above, our "Warranty Plus" package also includes the replacement of the lifed items during a combined maintenance and calibration visit. This package offers discounts for additional like units and provides you with access to our technical specialists. After the 3 year period, you will benefit from a further range of service options that will be available at discounted prices.

The maintenance / calibration visit will be combined with the replacement of the lifed item and includes:
