

Stage 6: 3M™ Versaflo™ Headtops (choose from pages 11-14)

3M™ Versaflo™ S-Series Headcovers and Hoods

Amongst the newest additions to the 3M™ Powered & Supplied Air Modular Range, the Versaflo S-Series Head Covers and Hoods have been designed using the latest computer modelling techniques resulting in our most comfortable range of headtops ever!

Comfortably worn by more users

The 3M™ S-Series Head harnesses, through their sizing and adjustment options, will comfortably fit a broad range of head sizes.

Convenience of a hanging loop

Protection

The Versaflo S-Series Headcovers and Hoods meet the highest respiratory performance requirements (TH3) for this type of product when used with 3M™ Air Delivery Units. In addition they also provide eye and face protection to EN166 – liquid splash and low energy impact!

Improved visibility

Visors have an excellent field of vision particularly downwards, with reduced curvature for decreased reflections and glare.

Range of 4 fabrics

To suit more applications and needs.

Excellent airflow

All wearers benefit from excellent airflow distribution for improved comfort and lower noise.

Choose between the integrated suspension head covers fully assembled and ready to use straight out of the box and the premium maintainable hoods.

3M™ Versaflo™ S-Series Headcovers

Integrated suspension models offer the advantages of being fully assembled and ready to use straight out of the box. They can be suitable for applications that require frequent replacement of the entire headtop assembly, such as pharmaceutical manufacturing, or in situations where there is less soiling of the outer fabric. For disposal, the suspension assembly and air inlet components can be quickly removed and separated for segregated waste streams, where facilities are available. Available in two adjustable sizes to comfortably fit more wearers: S/M and M/L.

3M™ Headcover S-133
Provides head and face coverage.
General purpose, cost-effective fabric.

3M™ Headcover S-333G
Similar to S-133 but with a more durable, soft, quiet, low-linting fabric.

3M™ Headcover S-433
Head, face, neck and shoulder coverage.
General purpose, cost-effective fabric.

3M™ Headcover S-533
Similar to S-433 but with a more durable, soft, quiet, low-linting fabric that more readily drapes comfortably over the wearer.
