

Ammonia: Medium Range Pocket Photometer | HI-715

battery powered

Accurate, instant, affordable

Hanna Checkers offer professional water quality testing - at affordable prices.

Accurate testing means greater water control and lower running costs.

Traditionally, high precision equipment has been too costly for quick check routines and everyday use. Hanna Checkers now provide a reliable, affordable alternative.

- Testing is quick and easy
- High precision results - more accurate than chemical test kits
- Auto shut-off feature means the Checker cannot be left on by mistake
- Fully portable, fitting easily into both palm and pocket
