

## 1. Identification

Product Code **1111695**

Product Name **SOAP, WHITE CASTILE POWDER**

CAS Number **Mixture**

Supplier: **CAMLAB LIMITED**  
**Norman Way Industrial Estate**  
**Over**  
**Cambridge**  
**England**  
**CB4 5WE**

Phone **01954 233110**

Fax **01954 233101**

Emergency Telephone **08:00–17:00 01954 233110**  
**24hr 112**  
**(Have this document to hand)**

## 2. Composition

No hazardous components

## 3. Hazards Identification

Not considered harmful

## 4. First Aid Measures

Eyes Irrigate thoroughly with plenty of water for at least 10 minutes, holding the eye open. If discomfort persists OBTAIN MEDICAL ATTENTION.

Skin Wash off skin thoroughly with water. If discomfort persists OBTAIN MEDICAL ATTENTION.

Inhalation Remove from exposure.

Ingestion Wash out the patients mouth thoroughly with water. In severe cases or if exposure has been great, OBTAIN MEDICAL ATTENTION.

## 5. Fire Fighting Measures

Hazards Evacuate area immediately. Keep up wind. Avoid exposure to toxic vapours and fumes. Fire-fighters should wear protective clothing and breathing apparatus. May evolve toxic fumes if involved in a fire.

Extinguishing Media Consider what other flammable materials are present and act accordingly.

Unsuitable Media Nothing specified.

## 6. Accidental Release Measures

Personal Protection Avoid breathing dust. Use approved personal protective equipment. Evacuate area immediately. Do not allow general use of area until it is safe to do so.

Environmental Notify the Environmental Agency and local Environmental Health Officer if major spillage occurs.

Major Spillage Shovel/sweep up into container for removal Wash area down with copious amounts of water.

## 6. Accidental Release Measures (continued)

Minor Spillage            Wash area down with copious amounts of water.

## 7. Storage & Handling

Handling Precautions    Avoid contact with skin and eyes. Do not breath dust. Do not allow to contaminate clothing.  
                                  Ensure Local Exhaust Ventilation maintains dust concentrations to a minimum.

Storage Conditions      Well ventilated, cool, dry storage .

## 8.1 Workplace Exposure Limits

No prescribed exposure limits available

## 8.2 Personal Protection

Respiratory              If process creates significant amounts of dust use L.E.V. or wear suitable dust mask.

Hands                     Wear gloves.

Eyes                      Use chemical splash proof glasses or goggles.

Skin                        Avoid contact with skin. If skin contact or contamination of clothing is likely, protective clothing must be worn.

## 9. Physical & Chemical Properties

Appearance              Off-white fine powder.

Odour                     Slight ammoniacal odour.

pH                         Not available

Boiling point            Not available

Melting point            Not available

Flash point              Not available

Upper Flammable Limit   Not available

Lower Flammable Limit   Not available

Auto Ignition            Not available

Explosive properties    No.

Oxidising Properties    No.

Vapour Pressure         Not available

Relative Density         Not available

Water Solubility         Very soluble in water.

## 10. Stability & Reactivity

Chemical Stability        Stable under normal conditions

Conditions to Avoid     No specific conditions.

Materials to Avoid        May react with hypochlorites to form nitrogen trichloride which explodes spontaneously in air.

Hazardous  
Decomposition Products    Decomposes to emit ammonia, carbon dioxide and related products.

## 11. Toxicological Information

Eyes                      Contact with the solid or dust may be irritating to the eyes.

Skin                        Unlikely to be an irritant on brief or occasional exposure.

LD50 Skin                Not available

Ingest                     Ingestion of large amounts may produce gastrointestinal irritation.

LD50 Ingest              Not available

Inhalation                Inhalation of dust will produce irritation of the eyes, nose, throat and respiratory tract.

## 11. Toxicological Information (continued)

Carcinogenicity	Not considered to be a carcinogen.
Mutagenicity	Not considered to be a mutagen.
Reproductive Effects	None identified.

## 12. Ecological

No specific environmental hazard.

## 13. Disposal Considerations

Disposal Methods	Flush to drain.
Contaminated Packaging	Wash out containers with water. Use a licensed waste disposer.

## 14. Transport Information

Proper Shipping Name	Non-restricted
UN Number	Non-restricted
UN Classification	None
Subsidiary Risk	None
Flash Point	Not available
Packing Group	None
Transport Category	None
Marine pollutant	No
ADR Hazard ID	Non-restricted

## 15. Regulatory Information

Labelling Classification	None
Label Symbols	None
Risk & safety Phrases	None
EEC Number	Not available

## 16. Other Information

Document Information This document has been prepared in accordance with directive 88/379/EEC.

The information contained in this document only covers the hazards presented by this material, it DOES NOT constitute a workplace risk assessment.
