Waste Producer Registration

As a producer of hazardous waste you will need to register with the Environment Agency. This is a simple annual registration and can be done on-line at www.environment-agency.gov.uk or by phoning **08708 502858**

More details of the disposal service are available from our Customer Service Department on 01954 233110 or customerservices@camlab.co.uk. Camlab Ltd, Norman Way Industrial Estate, Over, Cambridge, CB24 5WE.

Features

- **Protect your workforce and the Environment**
- **Easy no-fuss service**
- **Great value**
- **Return vials and packaging**
- **Drum Service for larger quantities**
- **Disposal of other vial types is also available on request**

**Ammonia
Nitrate
and more...**

Please note that the polystyrene packaging in which the COD vials are shipped is UN approved for carrying these products by road. It is important that the packaging is opened with care and **RETAINED FOR RE-USE** when the vials are ready for disposal (if not using a drum)

NOTES

- 1) Waste collections are carried out on frequent carrier's rounds.
- 2) Waste drums need to be purchased in advance.
- 3) Waste collection prices are inclusive of all transport and documentation costs. All documents are prepared and filed on your behalf ready for signature at time of collection.
- 4) Prices quoted include outer packaging for small consignments to meet CDG/CPL regulations.
- 5) We supply, free of charge, all MSDS, TREM cards and labels for wastes carried.
