

# pH

Standard pH Buffer Solutions (20°C)

Cyberscan PH6500 Bench Top pH Meter complete with ph electrode, ATC probe, integral electrode holder, ph Buffer sachets, SD Card reader, SMPS power adapter and instructions.  
**Reference:** EH/EC-PH6500/42S £1282.14

Please see our main laboratory catalogue for other bench top units available.

## BUFFER SOLUTIONS

### Standard pH Buffer Solutions (20°C)

These buffers are manufactured to exacting specifications and cover the ranges 1 to 13. They are supplied with a detailed Certificate of Analysis which show trace ability to N.I.S.T. and have an extended shelf life. Temperature dependence data is printed on the label, as are lot numbers and expiry dates.

Accuracy of all values +/-0.02.

Value pH	Volume	Reference	Price
1	500ml	RN/10105	£9.51
1	1 litre	RN/1010	£13.99
1	5 litre	RN/5010	£41.97
