

Manganese/Molybdate

Hach Colour Comparator Kit Model MN-5 Colour disc kit with reagents and instructions.

Measuring ranges: 0 – 3 mg/l in steps of 0.1

Chemistry: Cold Periodate

Reference: HH/01467-00 £127.10

MOLYBDATE

Hach Pocket Colorimeter

Single parameter handheld colorimeter. Fixed wavelength and three key easy to operate design.

Measuring ranges: 0 – 2.5mg/l in steps of 0.01 as molybdenum
0 – 10 mg/l in steps of 0.1 as molybdenum

Chemistry: Ternary complex

Features:

- Silicon photodiode
- LED light source
- IP67 casing
- 2000 test battery life

Hach Pocket Colorimeter

Supplied with reagents for 100 tests, carrying case, accessories and instructions

Reference: HH/58700-10 £362.30

Lovibond Comparator Kit

Checkit comparator kit complete with colour disc, reagents and carrying case.

Measuring range: 0 – 100mg/l MoO4

Reference: TT/14.72.90 £28.60

Lovibond Comparator Kit

Hach Colour Comparator Kit Model M0-2

Colour disc kit with reagents for 100 tests and instructions.

Measuring ranges: 0 – 10 mg/l in steps of 0.2 as molybdenum
0 – 50 mg/l in steps of 1 as molybdenum

Chemistry: Mercaptoacetic Acid

Reference: HH/14193-01 £178.50

Hach Colour Comparator Kit

Hach Colour Comparator Kit Model M0-LR

Colour disc kit with reagents for 100 tests and instructions.

Measuring ranges: 0 – 3 mg/l in steps of 0.1 as molybdenum

Chemistry: Ternary complex

Reference: HH/23593-00 £122.90
