

# Molybdate/Nickel/Nitrate

## Quantofix Test Papers for Molybdenum/Molybdate

Easy to use test papers supplied in boxes of 100.

**Graduations:** 5-20-50-100-250 mg/l

**Reference:** MN/913.25

£38.00

## NICKEL

### Hach Pocket Colorimeter

Single parameter handheld colorimeter for nickel and cobalt. Fixed wavelength and three key easy to operate design.

**Measuring ranges:** 0 – 1.00mg/l Ni in steps of 0.01  
0 – 2.00 mg/l Co in steps of 0.1

**Chemistry:** PAN

#### Features:

- Silicon photodiode
- LED light source
- IP67 casing
- 2000 test battery life

Supplied with reagents for 100 tests, carrying case, accessories and instructions

**Reference:** HH/58700-20

£362.30

### Quantofix Test Papers for Nickel

Easy to use test papers supplied in boxes of 100.

**Graduations:** 0-10-25-50-100-250-500-1000 mg/l Ni<sup>2+</sup>

**Reference:** MN/913.05

£17.00

## NITRATE

### Nitrate Ion Selective Electrode

Suitable for any pH/ISE meter, BNC adapters available if required

### Hach Pocket Colorimeter

Single parameter handheld colorimeter. Fixed wavelength and three key easy to operate design.

**Measuring ranges:** 0 – 30mg/l in steps of 0.1 as NO<sub>3</sub><sup>-</sup>-N

**Chemistry:** Cadmium Reduction

#### Features:

- Silicon photodiode
- LED light source
- IP67 casing
- 2000 test battery life

Supplied with reagents for 100 tests, carrying case, accessories and instructions

**Reference:** HH/58700-02

£318.20
